To Whom It May Concern:

Estrella Z██████████ has completed a mental health assessment on 06/06/2019. I have reviewed the assessment and history of the functional limitations imposed by her emotional/mental related illness.

Estrella has certain limitations related to Panic code: F41.0. She meets the definition of disability under the Americans with Disabilities Act, the Fair Housing Act, and the Rehabilitation Act of 1973.

In order to help alleviate the symptoms of her mental illness, and to enhance her ability to live independently with full use of the dwelling unit you own and/or manage, it is my recommendation that Estrella have an emotional support animal. The presence of this animal is supportive of the emotional and mental health of Estrella Z██████████, as its presence will mitigate the symptoms she is currently experiencing.

Please allow Estrella Z██████████ to be accompanied by her emotional support animal Snickers of breed Pomeranian in her residence.

I am licensed by the state of NY as a Mental Health Counselor. My license number is 006141.

Sincerely,
